Oak Ridge Office

memorandum

DATE: June 3, 2008

REPLY TO

ATTN OF: AD-423:MMcCants

SUBJECT: **COMPETITION FOR WASTE MANAGEMENT ACTIVITIES AT THE
TRANSURANIC WASTE PROCESSING CENTER**

TO: All DOE Oak Ridge Office Employees

The U.S. Department of Energy Oak Ridge Office (ORO) has established a Source Evaluation Board to compete the contract for waste management activities at the Transuranic Waste Processing Center. The contract is currently held by EnergX TN, LLC.

You may be contacted for information by representatives of companies and organizations who may have an interest in proposing on the new contract. To ensure that procurement integrity is preserved, all questions concerning these competitions should be referred to Beverly Harness, Contracting Officer.

ORO employees are currently working to conduct the competition. However, from time to time, additional employees may be called upon for assistance. The success of this competition is vital to the support of the ORO mission, and your continued support and cooperation are encouraged.

Gerald G. Boyd
Manager
